Volunteer Pattern Designer

Job Overview

Do you see patterns in your sleep? Have you ever wondered how you can turn a boat into a stylish bag? If you feel like you are ready for the challenge, we would be more than happy to join our team. We are seeking a creative and passionate **Pattern Designer**. The ideal candidate will have a strong background in design, an eye for detail, and a commitment to our cause. This role involves designing bags made from upcycled refugee boats and lifejackets, ensuring they are both stylish and practical.

Key Responsibilities:

- Create innovative and functional bag designs using materials from refugee boats, tents and lifejackets.
- Develop creative ways to incorporate the unique textures and colors of the upcycled materials into the designs.
- Work on prototypes to test and refine designs.
- Collaborate with the production team to ensure designs are feasible and can be produced efficiently.
- Incorporate elements that tell the story of the materials' origins and the people they once served.
- Ensure all designs align with the organization's sustainability goals.

Skills(preferred):

- Prior experience in designing bags or accessories is a plus.
- Sewing experience is a plus.
- Strong understanding of materials and production processes.
- Excellent creativity and attention to detail.
- Strong communication and collaboration skills.
- A deep commitment to social and environmental causes, particularly those related to refugees and sustainability.
